PERSONAL PROJECTS

Steam Room

- MERN Stack -Spin off of 'break room', online forum style, focusing around today's issues regarding lack of time and ability to talk through ongoing problems one may encounter. Steam Room provides a safe help space to be able to voice one's problems and get feedback from other members

Wayfarer (Django Collaboration)

- A travel destination site, allowing guests to add site seeing or activities pinned to different locations in the U.S.

CRUD (Node, Express, EJS, MongoDB Collaboration)

- Stands for Connect, Resources, Unite Developers, a blog like app where users create profiles and populate them with a tech stack they are using or would like to learn about. Focus on bringing solid, useful documentation without any filler or rabbit holes.

User Stories (Node, Express, Handlebars, MongoDB)

- Basic blog site where users create their own accounts and populate a board with life stories they have been through, and other users are able to interact
